## SUMMARY

Driven and versatile Computer Science graduate with a strong foundation in software development, UI/UX design, and digital creativity. Experienced in building dynamic and user-centered web applications, designing intuitive user interfaces, and working with databases and APIs to deliver functional, efficient systems. I have worked on various projects that span front-end interfaces, back-end logic, and collaborative design workflows, showcasing a balance of technical expertise and creative thinking. I consistently seek out opportunities to improve, innovate, and contribute meaningfully to both individual and team-driven projects.
